## LOVE IN MUSIC (LM) BACKGROUND

### About Love in Music (LM)

– Founded in May 2007, Love in Music is a California non-profit 501(c)(3) charity organization based in Los Angeles. Stemming from the aftermath of the 4.29 L.A. Civil Uprising, our mission is to help build a more loving and harmonious community through music education by a team of musically trained volunteers.

### Mission

– Empower the younger generation in our community by fostering collaboration among culturally diverse communities in Los Angeles, Orange County, and the South Bay areas through music.

## PROGRAM LOGISTICS & GUIDELINES
